"LUBROGENE" A LUBRICATING JELLY.

This is a non-greasy, odourless, mildly antiseptic lubricant, harmless to rubber and is therefore ideal for sheaths, condoms and other rubber-goods. It will banish instantly the dry, "dragging" sensation rubber in some cases has; give the stout and heavier sheaths a smooth, comfortable surface and the finer ones a texture that is imperceptible. Also, where a vulcanite or rubber fitting has to be inserted it makes an ideal lubricant. This is an extra worth having where rubber appliances are used.

ROLLED RUBBER SHEATHS.

We wish to draw your attention to the fact that we employ every means to ensure the RELIABILITY of all our RUBBER GOODS. Before being rolled our RUBBER GOODS are subjected to thorough TESTS with a view to detection of the SLIGHTEST FLAW or MINUTEST PERFORATION. We discard and destroy all articles which do not come up to our HIGH STANDARD, therefore by taking all these PRECAUTIONS we are able to THOROUGHLY RECOMMEND our GOODS as being PERFECT both in QUALITY and MAKE.

SPECIAL CIRCULAR SHEATHS

For HOT or TROPICAL CLIMATES.

It is well known that rubber requisites do not readily stand the heat as met with in hot or tropical countries, the rubber deteriorating and perishing very quickly. After a great deal of research we have produced a sheath the composition of which, after being specially cured and treated, enables it to withstand extreme heat without injurious effects and so proving itself eminently suitable for use in such like countries. Though they are thin in texture, their reliability and durability will prove to be a ready solution to a difficult problem. In despatching orders for this type special packing is always used which is also an additional help to their preservation and therefore customers abroad need have no fear in ordering these in quantities where desired thereby reaping an advantage in the reduced rates.

It can also be used unrolled as a **Sheath** and will be found one of the most convenient and reliable articles for this purpose. Boxed with complete directions for use.

WASHABLE PARAGON SHEATHS.

These **Sheaths** are made from the finest quality cut-sheet rubber, specially vulcanized and medicated so that their strength and durability enables them to be used for a considerable time, an important matter where economy has to be considered. With these points in its favour it will prove a very satisfactory article.

Prices : 2/6, 3/6, 4/6 each.

NEW SEAMLESS WASHABLE SHEATHS.

THIN. SATIN FINISH. STRONG.

This is a new type of Washable Sheath, being manufactured from the finest medicated rubber under a new process. This sheath is a big advance on the older cut-sheet type, being of a much finer texture and having a smooth silky surface making it almost imperceptible in use yet retaining great strength and durability. It is unshrinkable, seamless, no joins or seams, and is easily washed. Here is a sheath that will give the utmost satisfaction and is strongly recommended.

Made in three sizes : No. 1 Small ; No. 2 Medium ; No. 3 Large

Prices: 6/6, 8/6, 10/6 each

In addition to the above we have another similar type but reinforced by a moulded double top as an additional safeguard.

Sizes : No. 1 Small ; No. 2 Medium ; No. 3 Large

PRICES : 6/6, 8/6, 10/6 each

In each kind they may be had in Ivory or Pink.

In all cases where a washable sheath is used we advise the application of a Lubricant as a decided aid to comfort and as an additional safeguard. There is nothing better than 'Lubrogene'

(SEE PAGE 3)

We also manufacture another type of Washable Paragon Sheath. It is a Triple Vulcanized Special Washable Sheath Moulded Double Top and is made from a stout cut sheet rubber specially cured and treated and for strength this sheath cannot be excelled

Made in three sizes : No. 1 Small ; No. 2 Medium ; No. 3 Large

Prices: 6/6, 8/6, 10/6 each

With these types of sheaths we strongly recommend the use of a lubricant. "Lubrogene" which is non-greasy and therefore harmless to rubber, is admirable for this purpose, as comfort is greatly enhanced by its use.

THE "LEICESTER" CHECK PESSARY.

This is a superior type of Check Pessary made of a rubber treated by a special vulcanising process. Its special features are, it is moulded in one piece, transparent, sterilizable, high dome and solid rubber ring.

Check Pessaries of usual type are made from cut-sheet rubber and have a seam or join sealed with solution and to try to sterilize them in hot or boiling water may result in the join breaking open in some part. With the "Leicester" this cannot happen. Its light weight ensures additional comfort and its perfect adjustment is assisted by the resilience of its firm rubber rim. All the best and most up-to-date principles are embodied in the pessary and is the best of its kind.

Made in 3 sizes : No. 1 Small ; No. 2 Medium ; No. 3 Large

Prices : 8/6 & 10/6 each

As recommended by the leading authorities a Quinine Preparation should be used in conjunction with Check Pessaries and for this purpose we can suggest nothing finer than Quinine Compound (see page 15) which should be smeared over the pessary & the solid rim or if preferred a Quinine Pessary may be used instead (see pages 13, 14 & 15)

SEYMOUR'S NEW PESSARY

"THE SPONGE DOME"

Since the introduction of our first **Pessary** several years ago various patterns have been introduced. Our latest improvement is the "**Sponge Dome.**" This is constructed on the same principle as the ordinary **pessaries**, but is fitted with a **Sponge Dome** which acts as an **absorbent & the sponge**

being a retaining substance prevents it getting out of position when adjusted. We can recommend this as the **Latest** and **One** of the safest **Pessaries** yet invented. Boxed with full directions.

QUININE INJECTION POWDERS.

DR. ALLBUTT'S

This is for making a solution to saturate the **Sanitary Sponge**, when a packet should be dissolved in a quarter of a pint of warm water, and for using with a **Whirling Spray Douche** or **Enema Syringe**, when a packet should be dissolved in a pint of warm water.

The solution may be used warm or cold. Extremely handy where a contraceptive solution is required.

SEYMOUR'S SOLUBLE QUININE PESSARIES

DOUBLE
STRENGTH

This small and compact Quinine Pessary owes its great popularity to its simplicity, its efficiency, and reliability as a contraceptive. It is composed of Quinine, intimately and evenly mixed with Cocoa Butter, the combination having a two-fold action—the melted cocoa butter acting as a clogging or holding agent and the quinine as a destroying agent. The Quinine used in our Pessaries we guarantee to be the highest grade of purity and our Cocoa Butter to be so refined as to eliminate all traces of impurities. The greatest care is taken in the mixing and the purity of our pessaries since an unreliable pessary is the result of careless mixing and any irritations experienced due to the presence of some impurity. Also, we guarantee each and all of our Quinine Pessaries to contain the requisite amount of Quinine.

in boxes containing one dozen, 2/6 3 boxes, 6/6

WASHABLE MALTHUS CAPS.

These are a much stronger article, being made of a Triple Vulcanised Rubber. They are moulded to a convenient shape for comfort and simplicity of adjustment. Their strength enables them to be used for a considerable time.

Prices : 3/6 & 4/6 each.

SEYMOUR'S NON-GREASY QUININE PESSARIES.

DOUBLE STRENGTH.

While some prefer the greasy type of Quinine Pessary others again have a preference for a non-greasy one and for the latter or those who are undecided we can strongly recommend this brand. The base is a compound of redistilled medicinal glycerine with a special gelatine, incorporated in such a manner that the whole goes into solution at body-heat, forming a powerful neutralizer which is extremely effective. Whilst this pessary is non-greasy it is also odorless and non-irritant, perfectly pure and harmless, also clean and hygienic in use. We guarantee each pessary to contain the requisite amount of quinine and recommend them with the utmost confidence.

DR. COTON'S
SPECIAL TREBLE STRENGTH
(IMPROVED)
SOLUBLE QUININE PESSARIES

For those who prefer this popular method of contraceptive we can strongly recommend these Pessaries. Their base is made of the finest Ol. Theobrom obtainable, the finished product being put to the most rigorous tests for any traces of impurities, extraneous or fibrous matter, which are so often the source of irritation and discomfort and its consistency carefully regulated to ensure complete solution at body-heat. The ingredients, the chief of which is Quinine are all guaranteed to pass the purity tests of the British Pharmacopœia. These are intimately and evenly distributed, and blended with the base ensuring a perfect solution of uniform strength, forming an oleaginous film which arrests the flow of the spermatozoa and exerting a positive neutralizing effect. This, coupled with their Treble Strength, gives complete safety.

Prices **5/6 per box : three boxes 15/-**

Each pessary is wrapped in silverfoil for protection. Directions Enclosed.

SEYMOUR'S SOLUBLE
QUININE COMPOUND.

To be used in conjunction with the "**Absorbent Rubber Sponge**" or other Safety Sponges and **Check Pessaries**.

We strongly advise all users of Sponges or Pessaries to use the **Compound**, it being unquestionably an additional safeguard and makes failure practically impossible. Its use entails no trouble and has simply to be smeared on the surface of the **sponge** or on the rim of the **pessary**.

This is a good investment.

Prices : **2/- & 3/- per jar**

VIGOUR. — VITALITY. — STAMINA.

DR. GAUTIER'S FAMOUS CAPSULES.

These famous capsules are a sure, safe and speedy remedy for General Weakness, Physical or Nervous Exhaustion; also Neurasthenia, Lassitude and all forms of Nervous Ailments.

Dr. Gautier's Capsules will strengthen and tone up the organs both male and female, when all other remedies have failed. Through the medium of the brain they tone up the nervous system, especially the sympathetic. Their favourable effects are manifest on the kidneys and bladder as well as the other organs.

They will cure in a short time almost without regard to age, and they are not a momentarily stimulant but a permanent tonic to the organs. They will remove a certain condition by their tonic effects, and it can be said without hesitation that they are the only sure remedy for Weakness, either partial or complete and if there is anything in the line of medicine that will make an old person, either male or female, young, it is **Dr. Gautier's Capsules**. They are a safe, certain and a speedy cure for all varieties of physical weakness of the organs of both sexes, whether constitutional or acquired.

They effectually restore lost vitality and stamina and counteract results of late hours, excesses, etc.
