These Antiseptic Tablets are especially prepared for use with the above Sterilizing Reservoir. They are not to be used as a preventative.

LAMBERT'S

**"Gem"
Patent**

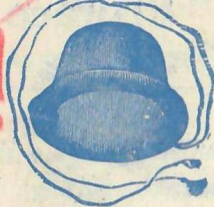

**Sponge
Dome
Pessary**

Patent No. 216457.

This Pessary is constructed on the same principle as the "Prorace," but is fitted with a specially prepared Sponge Dome, which acts as an absorbent, and the sponge being a retaining substance prevents the possibility of its getting out of position when properly adjusted. We can recommend this Pessary.

Complete in box with directions for Use, 5/- each, or in Double Box, with Pot of Non-Greasy Quinine Compound to apply to the Sponge Dome, 7/6 each.

The
"Lambutt"
Spring Rim

Mensinga
Pessary.

(As Recommended by DR. H. A. ALLBUTT.)

This Pessary has a Coil Spring Rim which is guaranteed not to break or come through the rubber.

The spring helps to retain the shape of the Pessary and makes it less likely to slip out of position when in use.

Made in four sizes, 0, 1, 2 & 3.

Price **5/-** each. Post **1½d.**

Or in double box with non-greasy Quinine Compound **7/6.**

60-62, Queen's Road, Dalston, London, E.8.

The "Lam-Butt" Dutch Cap (Or Haire's Pessary).

Complete with specimen tube of "Contraceptalene" Jelly
Price **7/6.**

The "Lam-Butt" Dutch Cap Pessary has for some years been largely used in Holland, but recently many eminent Medical men in this country have been recommending and fitting it for their patients. Owing to the number of different sizes made, it is best for a Doctor to fit this pessary in the first instance, although this is not absolutely essential.

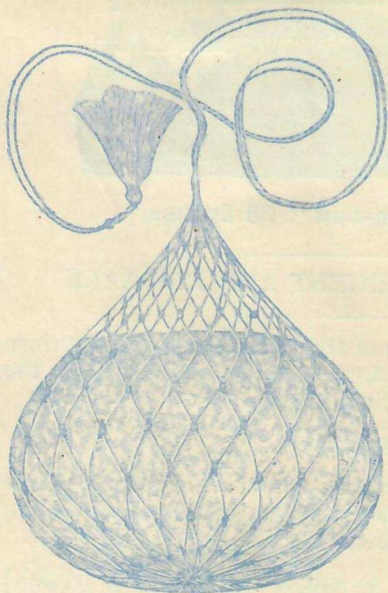

This Pessary is Especially mentioned in "**Medical Aspects of Contraception**" being the Report of the Medical Committee appointed by the National Council of Public Morals, in connection with the investigations of the National Birth Rate Commission.

Also especially recommended by Michael Fielding, in his book "Parenthood, design or accident."

60-62, Queen's Road, Dalston, London, E.8.

THE "Lam-Butt" Sanitary Sponge.

BIRTH CONTROL OUTFIT.

Comprising :—
2 Sanitary Sponges
(small, medium or
large size), 1 Disin-
fecting Reservoir, 1
Bottle Antiseptic
Tablets, 1 "Lam-
Butt" Oil Syringe,
1 Large Bottle
"Contoil" (olive oil
and quinine).

The use of the
"Lam-Butt" Oil
Syringe in conjunc-
tion with the Sponge
is strongly recom-
mended as the
Sponge can then be
saturated with the
Contoil *after* it is
actually in position.

This is a far less
messy business than that of soaking the Sponge before
insertion, as the act of inserting the Sponge is liable
to squeeze it almost dry.

*These improved Sanitary Sponges are sterilizable, and
can be cleansed in boiling water with impunity.*

The "Lam-Butt" Oil Syringe.

SIMPLE, CONVENIENT AND RELIABLE

The idea and action of the "Lam-Butt" Oil Syringe is the same as the Soluble Quinine Pessary, only the Quinine is injected in liquid form.

This is a distinct advantage

The glass portion of the Syringe holds exactly the correct quantity for one injection, and the Syringe can be charged from the bottle.

The whole thing is so simple (yet perfectly reliable) that no mistake can occur.

The "Lam-Butt" Oil Syringe is also strongly recommended to be used when a Sanitary Sponge is worn, as the Sponge can be saturated with the Olive Oil and Quinine after it is actually in position.

Price in box, with Bottle of Olive Oil and Quinine	s. d.
(sufficient to fill Syringe 40 times)	7 6

"Lam-Butt" Rose Quinine Pessaries.

Owing to many of our customers objecting to the odour of Cocoa Butter, we are now manufacturing a special line of Soluble Quinine Pessaries highly perfumed

The perfume is harmless, and in no way interferes with the action of the Pessary. They are known as

**"LAM-BUTT"
ROSE QUININE PESSARIES.**

Introducer for "Lam-Butt" Quinine Pessaries.

This simple yet ingenious and effective contrivance is designed to facilitate the application of the "Lam-Butt" Soluble Quinine Pessaries. By its use the possibility of failure through misplacing of the Pessary is practically averted. The Introducer is made of pure, hard metal, nickel plated, and its curved shape is admirably adapted for the purpose in view.

Price, in Box, 5/- each.

The "Lam-Butt" Ladies' Syringe.

With adjustable Rubber
Guard.

Very powerful and
effective.

This is fitted
with a thin soft Rub-
ber Tube in place of
the hard ones usually
sold, is extreme-
ly comfortable in
use, and cannot
cause pain.

*Fitted with
an extra large
size bulb,
holding 10 ozs.
of fluid.*

*All other Spray
Syringes have
a capacity of
8 ozs. only.*

This Syringe
may be used in
bed without
soiling the bed
linen.

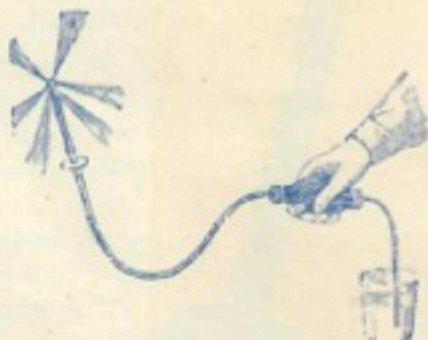

None of the injec-
tion can escape owing
to the Special Rubber
Guard.
